

ISRA and IHMA on Posidonia 7th June 2016

June 1, 2016 - The international branch organizations ISRA (International Ship Recycling Association) and IHMA (International HazMat Association) will organize two workshops at the famous Posidonia event at Athens next week.

Both the choice of the right yard to recycle your ship as choosing the right experts preparing the inventory what is on and in the ship are key elements which will be explained and discussed with ship-owners on Tuesday 7th 2016 from 13:00 to 15:00 in Posidonia Room 2.

The impact of the brand new EU Ship Recycling Regulation for EU flagged ships will be explained by Arjen Uytendaal, Director of ISRA: “This is the right moment to pay attention!”

Fotis Ploumitsakos, member of IMHA will go into inventory matters.

Stakeholders are invited to attend these important workshops.
